

# Revolutionizing Healthcare with AI

## About phamax

phamax is a specialized research, consulting, and technology firm in healthcare, based out of Zug, Switzerland. We empower healthcare organizations to attain a better user experience with business analytics and technology solutions.

Delivering all aspects of commercial, scientific, and digital analytics services across the world, our business support wing aims to empower customers by focusing on rather important tasks by being their “Wingman”. On the other hand, our technology wing enables users with conversational AI, Ariya, to bring ground-breaking changes to the industry.

Ariya eliminates the need to lean on tools and colleagues for manual searches, handling the mundane data-oriented tasks, freeing up the users to concentrate on important tasks and work efficiently.

## We stand for

- **Domain expertise:** All our team members have work experience in the healthcare industry (industry and consulting space), which is our sole area of focus.
- **People:** The core team at phamax consists of highly skilled physicians, experts in sales, marketing, and data analytics, and has worked with five of the top ten pharmaceutical companies in the world
- **Project management:** Our project management principles ensure flawless execution and transparent and continuous cooperation with all stakeholders throughout the project lifecycle

Apart from the developed markets, we have specialized on the issues our clients face in the emerging markets, namely Central Eastern Europe, Middle East/Gulf region, North Africa, Sub-Sahara and Asia-Pacific.
